---

## ORVIETO

---

Orvieto floats above a green Umbrian valley, perched atop a tufa outcropping. The city's distinctive feature comes from the particular relationship between this sheer cliff and the fabric of the city dominated by its imposing cathedral. Orvieto has been a city of great prestige in several different historical periods. This unique jewel is Unesco World Heritage Site.

---

# BOAT TOUR OF BOLSENA LAKE

---

Floating on the water, the boat tour of Bolsena lake is the ideal medium to enjoy the green hills, mainly covered by oaks and turkey oaks, vineyards and olive groves often centuries old, surrounded by charming villages, Lake Bolsena, with its impressive body of water is the biggest volcanic lake of Europe . All who come here unavoidably experience a sense of peace in harmony with the surreal atmosphere..

---

## FOOD & WINE TASTING

---

Umbria is a region who has always had a strong bond with its terrain, and a long tradition of cultivating grapes and producing wines. Many of the wines produced in the region are well-known and appreciated. In a typical country house, immersed in the green of the valley, a wine expert will lead the guests in a gastronomic travel through three wines combined with three traditional dishes.
